Membership Committee (M. Lewis, J. Stone, Hugo Thomas)
Have not yet met. Hugo Thomas has ideas for outreach to geology depts. M. Lewis will forward his email of suggestions to the board. R. Lewis suggested that they meet and have a summary of exactly what the duties of this committee are. They are supposed to be doing things that promote membership.

Program Committee (J. Stone, Drew Hyatt)
Have not met yet. Next program is the field trip on April 20. Stone has been working on the guide book. Stone has asked Wizevich if it could be printed at Central. Wizevich said this is possible with a check from the Treasurer. The field trip will not be in the Quinnebaug. It will instead be to the Central Connecticut River Valley, starting at DSP and going to Glastonbury, Portland, Middletown, etc. Stone will contact Hyatt with the information and registration form so that Hyatt can send out an updated email to our membership as soon as he hears from Stone. There will be no rain date as previously indicated. Approximate start time will be 8:30AM, and there will be burgers and beer at the end. Discussion of how much to charge - decided $20 members, $45 non-members, and $10 students, with additional $15 for food. Stone will also send registration form to Letourneau to post online and to Mike to create a poster to advertise to universities. Letourneau will update website to enable registration via PayPal. Thomas will see if vans can be obtained. Further communication on this will be via email between board members involved.

Also, Stone has asked Greg Walsh, USGS mapper, to be a speaker for the next annual (Fall) meeting. He has mapped the New Milford Quadrangle. This is an item to consider for next meeting.

Treasurer’s Report (J. Stone)
Stone made a motion to step down and that Thomas should become Treasurer. Enkler seconded the motion, and it was unanimously approved. There is $1,851.54 currently in savings, $1,125.72 in checking, and $1,948.69 in Paypal. $500 per month is allowed to be transferred into the bank. This has not been done since the annual meeting. The Treasurer needs to start doing this immediately. Currently, Stone, Steinen, and Batchelder are the only ones who can write checks. Thomas will meet with John Purtill to learn Quickbooks software and plans to simplify accounting procedures. Discussion to hire John Purtill to complete tax forms. Letourneau will ask him what that would cost. Letourneau also proposed that we hire an accountant that is not Purtill. This is an item to be discussed at next meeting.
